## Farmwatch Smartwater Initiative

Dear

As you may be aware there has been an increase in rural crime with criminals targeting farms and farming equipment e.g. quad bikes, trailers etc. I am pleased to inform you that Cumbria Police and Cumbria Neighbourhood Watch are looking to introducing a new product, which we feel will substantially increase our ability to detect and recover stolen property.

Smartwater is a revolutionary product that has helped cut crime by up to 84%! Its forensic properties are similar to DNA and can irrefutably link property to its owner and criminals to the crime scene.

You are 5 times less likely to become a burglary victim if you use Smartwater to mark your property and protect your business premises.

We would like to offer this invisible unique owner ID property-marking product to all **FARMWATCH Members Free of Charge** (usual price £60) with no annual subscription to pay if you are part of our Police Scheme.

All you have to do is **sign & return the Neighbourhood Watch form**, marking the section indicating you would like to take part in the Smartwater scheme. Any person who wishes to apply for the scheme is required to become a member of Farmwatch, Campwatch or Neighbourhood Watch who have farm equipment.

Please feel free to contact me at anytime if you wish to discuss this further and I look forward to receiving your consent form in due course.

Yours sincerely

Paul Caine  
Neighbourhood Watch Development Officer  
North Cumbria and Eden
